Instructions to Reviewers:

All individuals reviewing this application are required under 35 USC 181 to sign and date this form regardless of whether they are making a secrecy order recommendation.

The attached copy of the application, any copies made therefrom and this form must be returned to the TO once a recommendation not to impose secrecy has been made or a secrecy order has been rescinded.

For Completion of Review:

Pursuant to 35 U.S.C. 184, the subject matter of this application may be filed in a foreign country for the purpose of filing a patent application without a license any time after the expiration of 6 months from filing date unless the application becomes the subject of a secrecy order.

The "Secrecy Order Recommendation" is a document that is used to recommend a secrecy order for an invention. It is a form that is filled out by a reviewer and signed by the reviewer. The form contains information about the invention, the reviewer's name, the date, and the command. The form is then submitted to the Defense Agency for review. If the Defense Agency recommends a secrecy order, the invention will be classified as "Secret" and will be protected from disclosure to the public. If the Defense Agency does not recommend a secrecy order, the invention will be classified as "Unclassified" and will be available to the public.
